Consent Form

What is consent?

Consent means that you give your agreement.

There are laws (GDPR - General Data Protection Regulation) about how we get, use and store information about the people we work with. The laws say we have to use clear, plain words that are easy to understand, so that you can decide whether or not to give your agreement. So if you don't understand anything in this form, or want it to be explained more, please let us know before you fill it in.

Now and again we may want to contact you, which could be for lots of different reasons. If you decide you don't want us to contact you, that's fine. If you want to take away your consent at any time, we will respect your decision. If you wish to do so, please contact us on 01656 729246 or email: helo@taniocymru.com

Your completed consent form will be kept as a record of your decisions, and from time to time we will contact you again about this. Every year, we will check to make sure we are only using the information you gave us for the reasons you said we could, and to make sure we are doing what the law says we should. Any personal information that you give us will only be used for the reasons that you agree to, which are set out below. It will not be shared with anyone else

Please note, children cannot take part in sessions or events without a fully completed consent form.
